Cuddalore

ashviselva22@gmail.com

+91 – 8015907397

2<sup>nd</sup> year B.E Computer Science student at S A ENGINEERING COLLEGE with excellent academic record and keen interest and practical exposure in the field of devolving applications, especially web applications security.

## Education

|                                                                        |         |
|------------------------------------------------------------------------|---------|
| B.E, Computer Science & Engineering<br>S A Enigneering, CGPA – 8.75/10 | 2023-27 |
| 12 <sup>th</sup> (Senior Secondary Examination)<br>State board, 85%    | 2022    |
| 10 <sup>th</sup> (Secondary Examination)<br>State board, 80%           | 2020    |

## Technical Skills

- Programming Languages – C, C++, Java, Python
- Web Technologies – PHP, MongoDB, HTML, CSS, JavaScript

## Internships

**Java Development intern, XYZ Ltd.**

**Jan-Feb'25**

- Developed and maintained backend services using Java (Spring Boot), ensuring efficient and scalable application performance.
- Designed and optimized RESTful APIs for seamless integration with frontend applications and third-party services.
- Implemented core features for enterprise applications, including authentication, data processing, and transaction management.
- Contributed to the development of three major applications: Event Management System, Content Management System, and Stock Dashboard, ensuring robust backend functionality and high performance.
- Recognized for writing clean, maintainable code and optimizing database queries for improved system efficiency.

## Academic Projects

**Handwritten Digit Recognition**

**Feb-Apr' 25**

As part of B.E. Research Project (2th Semester, team of three), Developed a responsive e-commerce platform that enables users to browse, search, and purchase products. The platform includes a **dynamic menu**, category-base navigation, a user authentication system, shopping cart functionality, and order management.

## Trainings & Workshops

- |                                                             |            |
|-------------------------------------------------------------|------------|
| • UI/UX training & certification at S A Engineering College | Dec-Jan'25 |
| • Attended 1 day Symposium at CIT                           | Nov'24     |

## Achievements

- Earned 'Elite Silver' certification (70%) in NPTEL's 'Programming in Java' (2024).
- Built a fully functional Event Management system website within 1 week in 2025

## Extra-curricular Activities

- **Coding Competitions** – Participating in LeetCode, Codeforces, or Kaggle challenges.
- **Personal Projects** – Developing side projects like a portfolio website, mobile app, or web app.
- **Public Speaking & Debate** – Participating in debates, TEDx events, or Model UN.
